

LUMIS EUROPA s.r.o.

**PRECISION ENGINEERED
STEEL SOLUTIONS**

Tailored Steel. Global Reach.

European Excellence in Metallurgy
with Global Delivery Capability

LUMIS EUROPA s.r.o.

ABOUT US

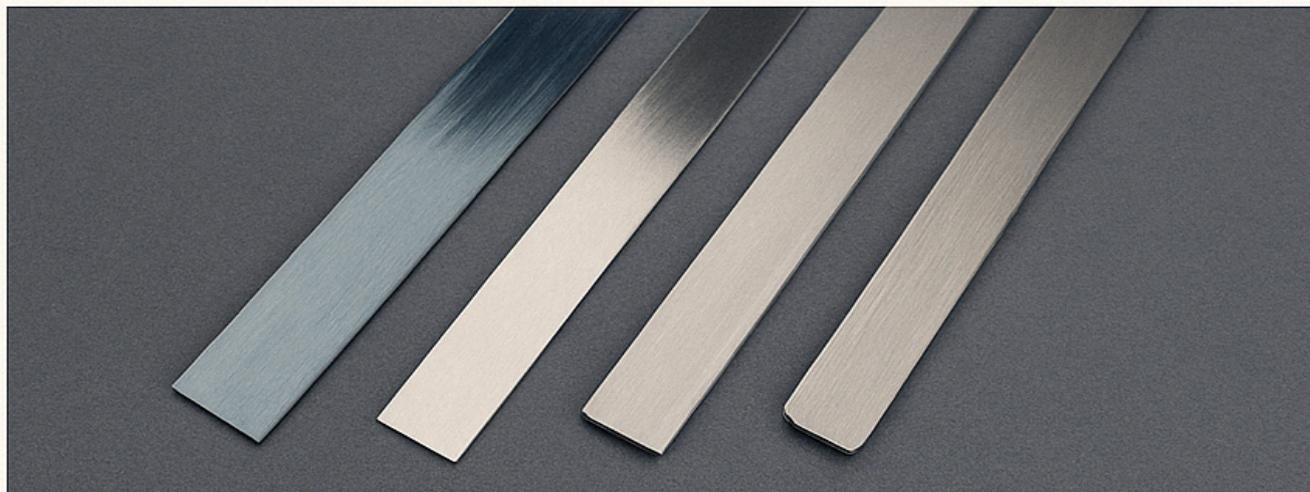

Lumis Europa s.r.o. is a company with deep roots in metallurgy and textile production.

OUR MANUFACTURING

combines European quality benchmarks and Asian pricing power to keep us competitive on a global scale.

VISION: Becoming a global materials partner

HARDENED AND TEMPERED STRIPS

Use Cases

- Textile, saw blades, springs, hand tools

Material Grades

- SK105, C55, C62, C80, C98

Surface

- Polished / Blue / Bright finish

Technical Data

Thickness	Hardness Range	Edge Conditions
0.15 - 3.00	40 - 65 HRC	Part-rounded
		Fully Rounded

Customization

Tailored Solutions to Meet Client Specifications

LUMIS EUROPA s.r.o.

RAW MATERIALS FOR HEALD & DROP WIRE

Product Types

- Spring Steel Wire / Precision Strip

Grades

- EDD
- SS 420J1
- 304
- C-55, C-62

Shape

- Round, Flat, or Rectangular

Use case visuals

- Loom machines
- Yarn Handling System

Benefits

- High Fatigue Strength
- Corrosion Resistance

Lumis Europa

LUMIS EUROPA s.r.o.

SPRING STEEL STRIPS

Grades

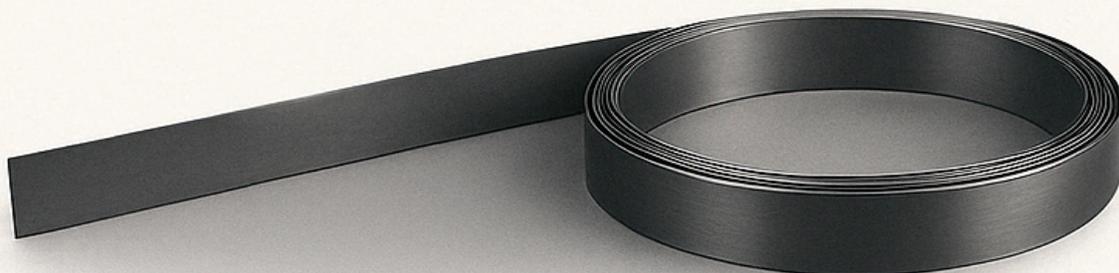

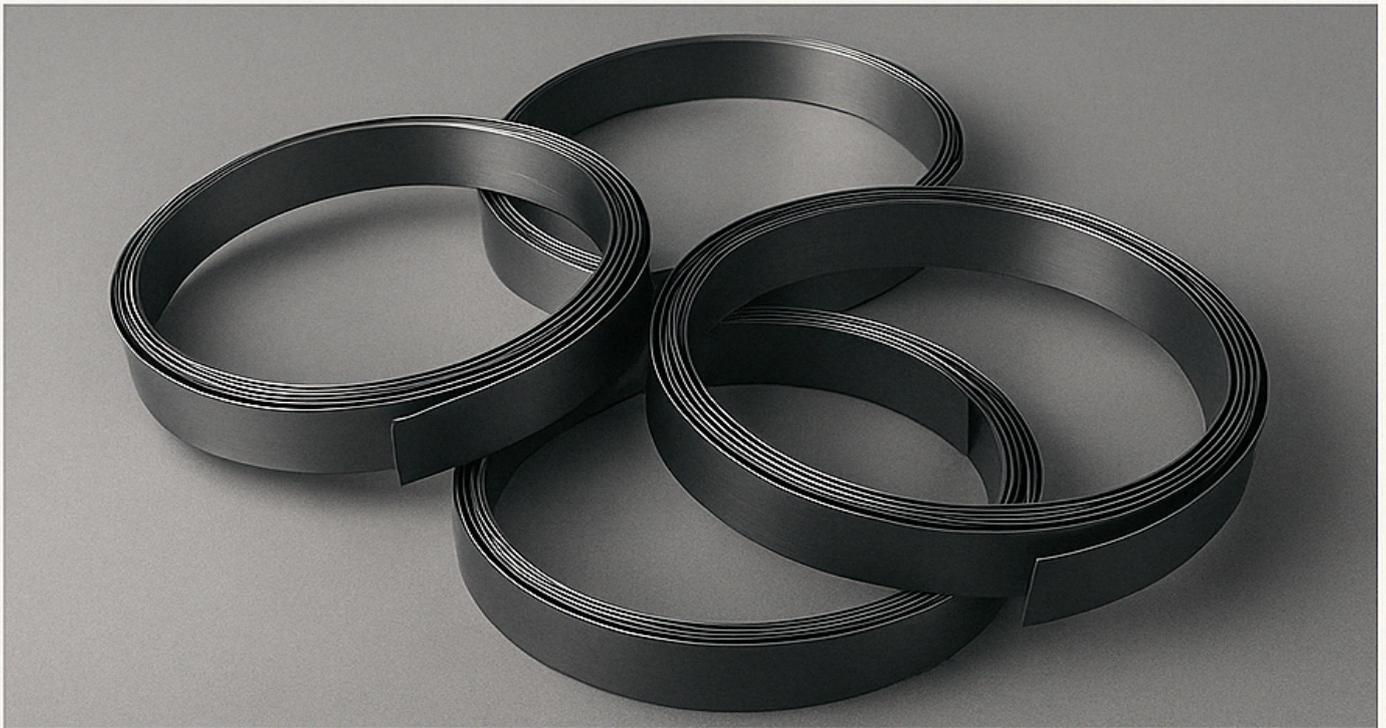

- SK85, SK95, C80, C98

Applications

- Washers, clamps, clips
textile accessories
- Tempering &
edge conditions

**Tempering
& Edge Conditions**

**Coating &
Packaging Options**

PRECISION STEEL STRIPS

TECHNICAL DETAILS

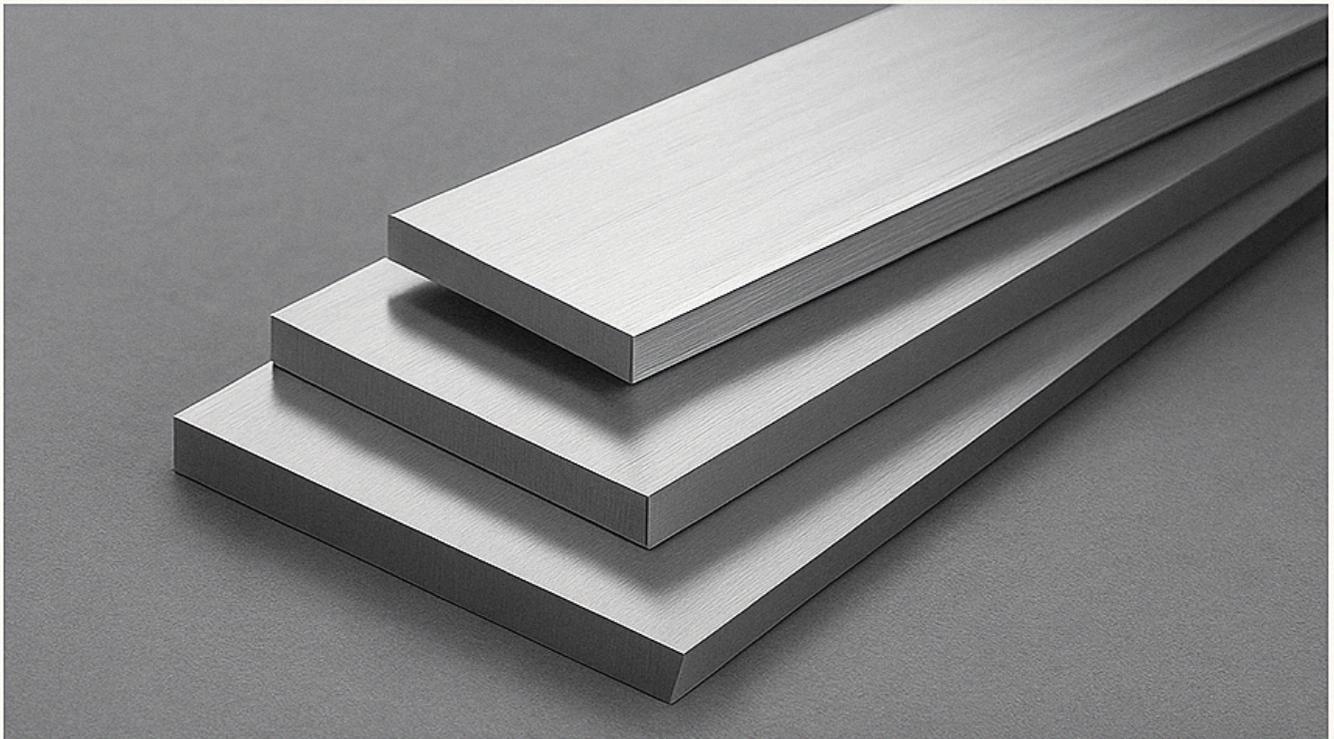

- Tight Tolerance & Flatness
- Custom Widths Available

SURFACE

- High-Quality Finish for Stamping & Forming

INDUSTRIES

- Electronics
- Precision Tooling
- Industrial Blades

LUMIS EUROPA s.r.o.

LUMIS EUROPA s.r.o.

PRECISION STRIPS FOR AUTOMOBILE INDUSTRY

Grades: C62, C80, SK105, SS 420J1, 416

Applications: Clutches, valve springs,
seat belt components

Certifications: ISO, RoHS or REACH
compliant (if applicable)

Strengths: Tight tolerances

High wear resistance

Long coil lengths

GLOBAL REACH

Supplying diverse industries across the globe, including:

- Automotive & Transport
- Machinery & Equipment
- Electronics
